PROFESSIONAL EXPERIENCE

Solutions Airix Inc.

Montreal, QC

Co-founder & CEO

March 2017 – March 2020 (sold)

- Created and launched Airix (airix.co), a Canadian pharmacy medication management software and patient interfacing software, available on iOS and Google Play since July 2018, looking to improve access to pharmacy services for patients.
- Designed and built a brick-and-mortar tech-enabled Airix pilot pharmacy and acted as chief-pharmacist, securing contracts with pharmacy distributors, and partners to make the project possible.
- Hired, managed and built a team of ~20 employees/contractors (incl. 1 product marketing manager, 2 UX/UI designers, 3 engineers) through product stage and launch.
- Secured funding and mentorship from the Bank of Montreal, Futurpreneur and the Business Development Bank of Canada.
- Navigated and circumvented unique regulatory issues re. use of technology in pharmacy distribution in Quebec.

Grégoire Arakelian Pharmacies

Brossard, QC

Clinical Pharmacist

August 2012 – December 2018

Pharmacy Student – Intern

June 2010 – August 2012

- Oversaw a team of 10 pharmacy support staff, contribute to the development and implementation of operational strategies resulting in streamlined dispensing services and reduced incidents (from >1/day to 1/week)
- Spearheaded the creation of a new registry system for compounded medicines adapted to provincial regulatory changes and identified necessary amendments based on a comprehensive revision of the legislation
- Created local decision-making tools and authored guidelines, standardizing care and improving staff efficiency; references are routinely used by staff pharmacists to facilitate complex analyses
- Led and developed pharmacy community outreach initiatives aimed at educating patients on key health issues

RxJob

Montreal, QC

Relief Pharmacist (max: 24 h/week)

September 2012 – November 2015

- Carried out clinical pharmacist duties in underserved communities (including Amerindian reserves, remote regions, and less affluent neighborhoods), tailoring patient care to individual needs, adjusting for barriers to patient comprehension and compliance in diverse, multiethnic/multicultural communities

EDUCATION

Laval University

Quebec City, QC

Bachelor of Pharmacy

August 2008 – April 2012

Academic Honors: Awarded scholarship for outstanding academic excellence in Pharmacy: Ethics & Bioethics

Internships: nephrology, cardiology and internal medicine at Hotel-Dieu and Royal-Victoria hospitals

Extracurricular Activities:

- **VP Finance** for KIÉPUL (2009-2011): managed a \$15K budget and oversaw club committees and activities for student-run pharmacy community outreach program (e.g.: reproductive and sexual health awareness campaigns in local high schools)
- **Student Delegate** (one of two elected province-wide) to the Quebec Order of Pharmacists (2009-2011): represented the Université Laval Pharmacy Student Association and participated in QOP Admission to Practice Committee board meetings
